WOMAN'S FATE WILL SOON BE WITH JURY

Question is Whether Mrs. Birdsong Could Endure

PUBLICITY OF ALLEGED REPORT

One Witness Testifies that Woman Fired on Doctor Butler the Second Time, After Cooly Adjusting the Weapon.

Hazlehurst, Miss., Dec. 10—An announcement of Mrs. Angie Birdsong's lawyers that they would attempt to complete their evidence Saturday, makes it probable that the defendants vindication on the charge of murdering Dr. Thomas Butler will depend upon arguments and appeals to the ury rather than upon long, minute evidence.

Several causes contribute to render a speedy trial desirable.. The prominence of the families of both the defendant and Dr. Butler have made many of the details of evidence especially unpleasant.

In the small community of Monticello where the tragedy happened, there has not been much dispute about the facts in the case and for this reason vital points in the evidence have been reached quickly.

The principal question has been whether a woman could endure the publicity of such reports as Dr. Butler is alleged to have made.

With surprising rapidity the prosecution completed its evidence today. A day and a half had been occupied in presenting the state's witnesses.

Two leading points were aimed at by the prosecution. First it was attempted to show that the youthful defendant's act was deliberate and that she followed her already mortally wounded man out of his office to his veranda where she adjusted her revolver, after he had pleaded for mercy and that with the weapon again ready, she fired three more bullets at him. The second aim of the prosecution was to prove Dr. Butler's good character.

One of the state's witnesses, Mrs. Nora Garrett, lived in a house across the street from Dr. Butler. She testified Friday that she saw the fatal shooting both in the office and outside and that she heard the physician's cry:

"Angie! Don't shoot me any more."

A moment later Dr. Butler exclaimed:

"My God! Angie, what will become of you when you die?"

The witness said that she herself called to Mrs. Birdsong to stop shooting.

This witness said that there was no truth in a report that she had informed Mrs. Birdsong of stories about the latter's character alleged to have been circulated by Dr. Butler. The prosecution went into details about the nature of the physician's wounds and then rested its case.

The defense immediately called as its first witness the defendant's mother-in-law, Mrs. S. F. Birdsong. The latter testified that the defendant after the birth of her last child had shown signs of insanity, and that these symptoms were repeated about the time of the killing. The mother-law said that Mrs. Garrett, who had testified for the state, called upon Mrs. Birdsong a few days before the tragedy and that after this visitor's departure Mrs. Birdsong remarked that if she found that Dr. Butler had told ill stories about her she would kill him. Witness said Mrs. Birdsong had been out at night only once during the period the stories referred to and then the defendant had gone for medicine at witness' request.

Other witnesses told of Mrs. Birdsong's attempt at suicide a few days before the shooting.

Mrs. Birdsong's defense is emotional insanity.

Noted Commander Dead.

Tampa, Fla., Dec. 10.—John C. Brain, of the confederate navy, died Saturday morning of paralysis. He was commander of several of the confederate war vessels during the civil strife, and it is he who commanded the blowing up of of St. Mary at the port of Antonio, Jamaica. He, after the civil war, went to England but returned and was arrested by order of Gideon Wells, secretary of the navy, and was held until March, 1869, being the last confederate prisoner to be released.

DOUBLE KILLING IN GREENVILLE

Negro Ran Amuck in a Mississippi Town.

Greenville, Miss., Dec. 10.—Two persons dead, two seriously wounded and two slightly injured, is the result of a bloody fight which occurred here shortly after noon Friday.

Felix Holman, a negro hailing from Arkansas, shot and killed Celina Holman, a negress, in Pratt's negro boarding house. Officer H. A. Abercrombie, with B. Coffer, William Vaught and Enoch Thompson, entered the boarding house to arrest Holman. The negro had two pistols and fired upon the arresting party.

The first shot passed through Thompson's breast killing him instantly. Another shot struck Acting Officer Coffer in the body and he is in a precarious condition. Officer Abercrombie, the oldest policeman on the local force, had his right thigh shattered by a bullet from the negro's revolver. He is seriously injured. M. Wainer, a business man, was hit by a bullet in the leg, but is only slightly hurt.

After emptying his pistols at the party the negro, fled from the boarding house and was fired upon by officers and citizens. He was finally driven into a warehouse and after a threat was made to burn him out of his hiding place, he surrendered to Sheriff Crouch and was lodged in jail. Holman was shot in the arm.

Twelve Miners Die in Shaft.

Laredo, Tex., Dec. 10.—News has just reached this city from Monterey, Mexico, of a mine accident, which occurred on Tuesday last, at the Avino mines, and which resulted in the death of twelve Mexican miners, at work in the shaft. Had it not been that the entire force of me nemployed in the mine had not commenced their labors for the day, a number of the others might have been killed. The accident occurred at an early hour in the morning. According to the best available information, the accident was due to carelessness of some one in letting a big flow of water into the lower level, where the men were drowned. They were caught as rats in a trap by the immense flow of water, caused by the opening of a flood gate, and had no chance of escape. The authorities will make a rigid investigation of the accident and will endeavor to fix the responsibility.

Answer Made by Southern.

Washington, D. C., Dec. 10—The Southern railway has filed with the interstate commerce commission its answer to the charges of excessive freight rates on furniture shipments and complaints against the character of the cars furnished for such shipments. These complaints were filed by the furniture dealers of Georgia, and other southern states. The road declares that no reasonable objection can be made to the character of cars supplied to furniture manufacturing It also claims that freight charges are not higher than they should be. Representatives of the railroad company and furniture manufacturers will be given a hearing by the commission within the next five days.

Will Protect Telegraph Facilities.

New Orleans, Dec. 10.—The Illinois Central railroad has inaugurated a movement for protecting telegraph facilities which is expected to be of benefit to business of the entire southern Mississippi valley. This work announced Friday night by G. H. Groce, the newly appointed assistant to the general manager of the Illinois Central is the cutting down of trees not only on the railroad right of way, but also on private property adjoining so that no falling tree can strike the wires. In storms of this and former years falling trees have crippled telegraph service sometimes throughout the entire south.

CONVICT GOODS MAY BE BARRED

House Passes Bill Which Allows States to

EXCLUDE AT OWN PLEASURE

House Adjourned Friday Until Monday, After Making Legislative, Executive and Judicial Appropriation Bill a Special Order.

Washington, Dec. 10—At 3 o'clock Friday the house adjourned until Monday, having during the legislative session passed several bills and received from the committee on appropriations, the legislative, executive and judicial appropriation bill.

That bill was made a special order for Monday, no day having been fixed for the vote on it. During the three hours the house was in session is passed a bill, which has the enthusiastic endorsement of labor, as well as manufacturers generally, repealing that portion of the Wilson interstate commerce bill relative to convict-made goods and permitting the several states to legislate for themselves as to their competition with "free labor" made goods. A bill was also passed creating a game preserve in the Olympia mountains in Washington.

By a practically unanimous vote the house passed the bill limiting the regulation of interstate commerce between the several states in articles manufactured by convict labor or in any prison or reformatory. The bill was introduced by Mr. Hunt, of Missouri, a practical stonemason.

Under the Wilson bill, which became a law in 1890, convict labor-made goods may enter into active competition with goods manufactured by "free labor" and under this federal law a state could not pass a law that would prevent the shipping into the state prison made goods of other states. The law passed Friday abrogates the interstate commerce law, as at present applied to convict-made goods, thereby affording to the different states and territories the right to inhibit the shipping of convict-made goods within the confines of any states or territory.

Mr. Hunt asked for its passage not only for the interest of the free labor but in the interest of the manufacturers. He said it was an attempt to curb the criminal competition of the penitentiary with the free labor of the country.

"It is cruel," he said, "to ask the free labor of this country to maintain its dignity and its self-respect, if it has to wait until the product of the state prison is sold before the employer can get a reasonable price for his honestly manufactured products."

Other speeches were made by Sherley of Kentucky, Gaines of Tennessee, Henry of Texas and Grosvenor of Ohio.

The Democrats in the house opposed the consideration of the bill conferring United States citizenship on the inhabitants of Porto Rico. Chairman Cooper, of Wisconsin, under the call of the committees, called the attention of the house to the erroneous positions of the bill on the union calendar, insisting that its proper place was on the house calendar.

Mr. Clark, of Missouri, leading the minority, objected to its transfer but Speaker Cannon decided with Mr. Cooper that it properly belongs on the house calendar, which would give it a different status than on the union calendar. The chairman of the committee on insular affairs attempted to have it called up for consideration. Again Mr. Clark protested, insisting that the house had a right to have notice of the possible consideration of the measure. The speaker sustained the protest, and the bill went over.

The discussion disclosed a determination of the Democrats to fight the measure whenever possible.

With an appropriation of $2,000,000 and provision barring "simplified spelling" in documents ordered by congress, the legislative, executive and judicial appropriation bill for 1908 was reported to the house by the appropriations committee, which was made a special order for Monday.

The amount carried by the bill is $685,8422 less than the estimates. The appropriation for the current fiscal year aggregated $30,168,485. The entire number of salaries carried in the bill is 14,727 or 220 less than included in the estimates therefor, and 29 more than provided for the current year. An increase from $1,2000 to $1,400 is made in the alowance to members of the house for clerk hire, and the requirement that members certify they have spent this amount is omitted. The apropriations for miscellaneous expenses for the year is cut from $100,000 to $50,000. The salary of the secretary to the speaker is increased from $,000 to $4,000.

MEXICANS SHOT FOR PILLAGING.

None of the Dead Bodies at Clifton Rescued.

Solmonville, Ariz. ,Dec. 10.—Reports from the flood stricken city of Clifton indicate that while the water has subsided the town is paralyzed by pools of mud and smelter and sediments. No definite list of the dead can be obtained. The first rush, which came soon after dark Monday night, formed a dam of wreckage, and threw fierce currents over the town. The store of the Arizona Copper company, carrying a half million dollars' worth of stock, was flooded five feet deep. The smelter works built over the stream were wrecked and six miles of the track of the Colorado branch is destroyed . The tracks of the Arizona and New Mexico railway are under three feet of slime.

The city is under strong guard to prevent vandalism. Much suffering among the poorer classes is becoming manifest, business is at a standstill and one telephone wire is the sole connection with the outside world. No bodies have been recovered, and the complete death list never can be ascertained. The damage is estimated at $200,000.

Much pillage is now going on, and several Mexicans have been shot. The town of Metcalf, north of Clifton, was also damaged, but no lives were reported as lost.

Ploughed Way Through Them.

New York, Dec. 10.—A theater train on the New York Central and Hudson River railroad about midnight Friday, ploughed through a gang of workmen on the Harlem river bridge, of the New York Central and Hudson river railroad, instantly killing one of the men and fatally injuring another. The workmen were installing a signal system on the third rail system for the Central electric trains. The man killed was John Kaiser, address unknown and the man fatally injured, John Baumgarten, of 67 East One Hundred and Sevententh street. The train that struck the two men did not stop. After the accident became known all trains were held up until the foreman of the gang had called the roll of his men to ascertain if the others were safe.

Grover Cleveland is Ill.

New York, Dec. 10—Grover Cleveland is ill at his home in Princeton of acute indigestion. He has been sick a week and still remains unimproved. His physician, Dr. Carnochan, said that Mr. Cleveland was not in a very serious condition, but was in pain. Asked if Mr. Cleveland was suffering from nothing except indigestion, he replied: "I have no knowledge of anything else." He also said Mr. Cleveland had been ill for some time and only by the most extraordinary effort had he seen Mr. Carnegie, who called Wednesday. "We expect Mr. Cleveland out in a few days," continued Dr. Carnochan, "but I can't tell exactly when."

Endorse Beveridge Bill.

New York, Dec. 10.—At a mass meeting of the board of trustees of the national child labor committee held here, the board took final action on the proposed national child labor law. Resolutions were adopted endorsing the Beveridge bill in substance as a national child labor law, and eulogizing the late Samuel Spencer, president of the Southern railway, who was one of the trustees of the committee.

TRAFFIC IS GOOD ON THE G. & G.

Road Found it Necessary to Make Large Purchase of New Cars.

THE FLOWER OF SUCCESS

Is the Freight Traffic on this Popular Road, Which Traverses the Most Fertile Territory in Florida—Is Heaviest for Years.

General Superintendent J. B. Cutler of the Gainesville and Gulf railroad has returned from Atlanta, where he went a few days ago for the purpose of arranging for the purchase of one hundred freight cars for his road, necessitated by the increased business.

Superintendent Cutler states that the scarcity of cars is not only a great drawback to the Gainesville and Gulf, but everywhere, as every railroad system in the South seems to be in the same predicament, and cars are at a premium.

The demand for more cars along the line of the Gainesville and Gulf is encouraging, for it means a great increase in the production of vegetables, oranges, lumber and naval stores, which naturally indicates the most prosperous condition of the territory traversed for several years.

The Gainesville and Gulf is rapidly building towards Tampa, and when completed will be the trunk line of Florida, as it will traverse the most fertile and most heavily timbered sections of the State.

Justice Colman's Court.

The mills of Justice were set to grinding in Justice Colman's court Monday for the first time in several weeks. In this instance Joseph Davis, who "swiped" a razor from Moses Johnson, was arraigned upon a charge of larceny.

The defendant pleaded guilty, expressed his regrets at having relieved his companion of the razor, and was assessed a fine of $1.50 and costs, which was paid.

Pursuer Killed by a Robber.

Great Bend, Kans., Dec. 7.—After attempting to rob a bank here, the robber shot and killed one of his pursuers and then barricaded himself in a room on the floor above the Western Union Telegraph office. An attempt is being made to capture the man. The town is aroused and there is talk of lynching.

VINOL SETTLES

The Cod Liver Oil Question.

No one will dispute the curative and strength creating value of cod liver oil. For centuries it has been recognized as the grandest of all healing and body-building agents for wasted human strength and vitality.

Yet, owing to the heavy, greasy oil which envelopes the medicinal elements, and which has no value either as a food or medicine, many patients weakened by disease cannot digest it either in its raw form or an emulsion, and others will not take it on account of its disagreeable odor and taste—consequently its value is lost.

Now, the process discovered by two eminent French chemists—Morgues and Gautier—should interest every person in Gainesville, for all of the tonic, body-building and curative elements of cod liver oil are now separated from the greasy, useless oil, and given to the people in delicious Vinol. For this reason it is fast superseding old-fashioned cod liver oil and emulsions.

As a body-builder and strength creator for old people, weak women, delicate children, and after sickness and all pulmonary diseases, it is recommended by over 5,000 of the leading druggists of the United States as the best.

Your money back if it does not do all we claim.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

SCHOOL NOTES.

(Received too late for publication in Sunday's Sun.)

We were glad to have with us at chapel exercises last Tuesday Rev. Nixon, Dr. Bullock, Mr DeLand and Mr Kellum. They all made short and encouraging talks, which were greatly enjoyed.

The special features of chapel exercises this week were a vocal duet Tuesday morning by Naneline and Lucille Kinnebrew, and a piano solo Monday by Fannie Burkhim.

The sixth, seventh and eighth grades have taken up the study of mental arithmetic, and are learning how to calculate without pencils.

We all greatly appreciate Mrs. Moseley's kindness in presenting to the library such a fine list of books, and just such as we needed. We hope many of our other friends will be moved to do likewise.

The Sophmore class in Latin in the High School will take up the reading of Caesar after the Chistmas holidays. The Juniors are now helping Cicero expel Cataline from Rome.

The singing at chapel exercises is improving rapidly, which very greatly helps to make this one of the pleasantest periods of the day.

Joseph Dupree of the Freshman class has stopped school and gone to work till after the holidays!

The Demosthenean Society had an interesting meeting Friday, and decided that it would not be wise for the State to undertake the draining of the Everglades just now, so Governor Broward will please take notice and suspend operations till further advised. A pleasant feature of the meeting was the violin duet by Ruby DeLand and Tom McBeath.

Jonesville Jottings.

Jonesville, Dec. 10.—Miss Mary Parkerson has returned to her home at Cedar Key, after a delightful visit to friends and relatives at this place.

Miss Melissa Pickett has returned from Gainesville, where she visited her sister, Mrs. J. R. Fowler.

Miss Clem Pickett, who has been attending school at Gainesville, is visiting her parents, Mr. and Mrs. H. A. Pickett.

J. A. Jones and cousin, Miss Dora Dudley, visited friends in Newberry last Sunday afternoon.

Mr. and Mrs. H. A. Pickett have issued invitations to the marriage of their daughter, Miss Melissa, to Mr. Charlie G. Greene of Double Sink. Miss Melissa is one of Jonesville's most charming young ladies, and while we will miss her, we wish her a happy married life with just clouds enough to make the setting most glorious. Mr. Greene is a young man of sterling worth and is employed by Cummer in the capacity of manager of a commissary. Mr. Greene is to be congratulated upon winning the hand of Miss Pickett.

Lumber has arrived for the new school-building and work will begin on same in a few days.

APPOINTMENTS WILL BE MADE AT ONCE

Nominations of Chubb and Warren Will Go to Senate Today.

CONFIRMATION IS A CERTAINTY

Private Telegram Received in Gainesville Monday Bears Out the Forecast of The Sun as to Who Would Be Recommended by President.

A private telegram from Washington bears evidence of the prediction which was made by The Sun a few days ago that Hon. Henry S. Chubb, receiver of the United States land office in this city, would be promoted to be register, and Shields Warren of Apalachicola would be appointed to fill the vacancy caused by the transfer of Receiver Chubb.

This telegram, which came to an influential citizen of this city from a reliable source, stated that the President would today (Tuesday) send to the Senate the names of these gentlemen for the respective positions for confirmation, which means that the announcement will be made immediately.

The numerous friends of Col. Chubb, who is one of the party leaders of his State, will congratulate him upon this appointment, which was a deserved one. Mr. Warren also deserves to be complimented, as he is yet a very young man, having scarcely reached thirty, and the position to which he has been appointed is one of the most responsible in the gift of the party.

These appointments will become effective immediately after they have been officially announced.

Was Shot Down at His Gate.

Ducktown, Tenn., Dec. 10—W. A. Guinn, a promnient attorney and hotel owner, living at McCays, 4 miles from this place, was shot in the back as he was entering the gate of his home, by unknown parties. There is no clew to the identity of the assassin. An examination of surrounding premises was made by officers, and tracks were found in a flower garden opposite the gate of the Guinn residence. Officers, aided by bloodhounds, are working for a clew.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ALACHUA TO HAVE FINE STOCK SHOW

Movement on Foot to Show World What We Have in Live Stock.

GOOD MEN AT THE HEAD

The Horses and Cattle of Alachua County Will be Shown to Good Advantage in Ring Specially Prepared for the Purpose—To be Held in March

The Florida Winter Bible Conference, the Christian Workers' Institute and the Gainesville Winter Chautauqua, all of which were introduced here through the instrumentality and influence of Rev. Clarence B. Strouse, have proven great drawing cards and great advertisements for Gainesville throughout the United States. Beginning at the first session, three years ago, the attractions have been more and more magnetic until last year it was a difficult matter, on account of those who were attracted here by these features, to secure accommodations. People came from everywhere—from the West and from the East, and from every section of the South, who desired to spend the winter where such excellent religious and oratorical talent could be found. Mr. Strouse has brought to Gainesville a number of the most eloqpent and forceful pulpit orators, and a program of versatile Chautauqua numbers, ever presented in this country, and the people are thankful to him for this, for it has accomplished as much toward the advancement of Gainesville as anything else, as it has been a drawing card.

A movement is now on foot to establish an annual stock show here. This show will be given in connection with the Chautauqua. While it is not actually a part of the Chautauqua, the date has been set that Chautauqua visitors may attend the same, which will afford an excellent opportunity to show the stock products of the county to good advantage.

This stock show will last for four days, and its object will be to show what Alachua county is doing in stock raising, and to encourage the horse and cattle interests of the county. Plans will be inaugurated to erect a pavilion 200x100 feet with all modern conveniences. The show ring will be sufficiently large so that stock can be ridden and driven with ease and grace, showing to best advantage the stock on display. Seats will be arranged on either side of the ring, or hippodrome, and powerful lights installed, in order that the stock may be exhibited as well at night as in the daytime, and with the same effect.

The court will seat at least 2,000, and will afford all an excellent and uniform opportunity to see.

It is said by stock owners, as well as others who are regarded as shrewd business men, that this show will accomplish for the individual good and benefit for the county more than double the amount of money and labor expended in making exhibits at State fairs, where many feel that they receive very unjust judgment.

It is understood that Major W. R. Thomas, one of the largest owners of horses in the State, G. Henry Davis, another prominent horseman, and others, are now agitating this matter, and that they have the hearty co-operation of C. W. Chase, one of the most liberal and public-spirited citizens, and N. A. Callison, manager of the Spring Park Stock Farm Company, who is one of the best posted men on cattle in the South.

There is little doubt but that the City Council and county commissioners will contribute liberally to this venture, which is destined to become of so much benefit to the interests of the city and county in general.

John D. Luther of Old Town, one of the most widely known citizens and stock men of that section, was in the city yesterday. Mr. Luther was en route home from Jacksonville, where it is said he succeeded in making a big timber deal involving about $30,000.

Rev. T. J. Nixon of Kavanaugh Methodist Church expects to make his departure today for Palatka, where he will attend the annual conference of the M. E. Church, South. Mr. Nixon has made a faithful and efficient minister, and it is the universal hope that he will be returned.

Mr. and Mrs. E. H. Smith of Madison were in the city Sunday on a brief visit to relatives and friends. Mr. Smith was formerly of Tioga, where he was employed as manager of the Cummer naval stores interests. He is now located with a new firm in the same capacity in Madison county.

T. J. McEvoy, the plumber, has just completed at "The Pines," Col. I. E. Webster's elegant home, a Keewannee water system, electrically driven compressed air, which is the latest and most improved method, requiring no tower or tank. Mr. McEvoy is evidently a man of advanced ideas, and his services are being sought by every owner of houses of modern ideas.

J. N. Marsh of this city, who a year ago accepted the salesmanship of the Pittsburg Safe Company, has made such a glorious success at his position that he has been appointed the general sales agent for Florida, and assumed his duties on the 1st inst. Mr. Marsh is a hustler, which has been demonstrated by his promotion. He will now have several men under his supervision, and proposes to show his employers that there is yet "something doing" in the safe line in Florida.

L. E. Spencer, the newly appointed superintendent of the Gainesville district, Atlantic Coast Line, arrived in the city Sunday afternoon to assume the management of this district. He was here only a few hours, however, taking the morning train, six hours late, for Jacksonville. It is hoped that Superintendent Spencer can so conduct the affairs of the district that the trains will be somewhere near the schedule—but if the rumor of scarcity of locomotives and coal is true, no man, however efficient, can meet the requirements of the schedules.

TWO-CENT RATE FOR ALL ROADS

Proposed in Bill of Judge Adamson, of Georgia.

Washington, Dec. 10—Judge W. C. Adamson has introduced in the house a bill providing that all railroads engaged in interstate commerce shall be required to make a flat passenger rate of 2 cents per mile on their lines.

The bill was introduced to take the place of the Sherman measure, which proposed interchangeable mileage books on railroads at a 2-cent rate.

The representatives of the railroads were given a hearing this morning and succeeded in having the consideration of the bill postponed by the committee until Jan. 8. Judge Adamson opposed the delay and introduced in the house a new measure calling for a flat passenger rate of 2 cents on all interstate roads.

He argues that since the railroads will now be able to conduct their operations on strict business lines and will be prevented after Jan. 1 from carrying any deadhead passengers, they can afford to make the public a flat rate of 2 cents for passenger traffic.

HARMFUL STOMACH DOSING.

No Need of It When Hyomei Is Used to Cure Catarrh.

Physicians and scientists agree that the less medicine one swallows, the better. It is in keeping with this idea that Hyomei is recommended by leading physicians throughout this and other catarrhal sections.

When this treatment is used in catarrhal troubles, there is no stomach dosing, for the medicine is taken in with the air you breathe, and goes right to the spot where the catarrhal germs are present, healing the inflamed and irritated mucous membrane, killing the disease germs and entering the blood with the oxygen, driving all catarrhal germs from the system.

Do not try to cure catarrh of the head by putting medicine into your stomach, as this is neither a scientific nor common-sense treatment. Breathe the healing balsams of Hyomei and in a few days you will notice relief, and its continued use will result in a complete and lasting cure.

J. W. McCollum & Co. have seen so many cures made by Hyomei amongst their customers, several of them cases where all hope of relief had been given up, that they give an absolute guarantee of cure, or money will be refunded with every outfit they sell.

The complete Hyomei outfit costs but $1, while extra bottles of Hyomei, if needed, are only 50 cents.

Were First Men To Fly.

New York, Dec. 10.—Wilbur and Orville Wright, of Dayton, O., whose claims to having been the first men to fly, are supported by Octave Chanute, of Chicago, former president of the Western Association of Engineers, and by witnesses in their home town, were the center of attraction at the automobile club show. The Wrights declined to make any comment on the dispatches from abroad regarding their negotiations with the French government. John Brisban Walker gave a dinner last night at the Century Club at which Mr. Chanute and others were present.

Murderer Killed by Posse.

Lebanon, O., Dec. 8.—Henry White, who murdered Marshal Bazore, of Franklin, Warren county, several days ago, was shot to death by a posse Friday. Bloodhounds had traced White to a thicket near Pleasant Plain. The murderer refused to surrender and began shooting at the members of the posse. He was instantly killed by some of the posse after they had parleyed with him for some moments.

$300,000 Fire Loss.

Holyoke, Mass., Dec. 8.—A disastrous fire broke out in the McAuflan and Wakelin block at the corner of High and Dwight streets early Friday, and fanned by a high gale the flames were beyond the control of the firemen who summoned help from the surrounding towns and Springfield. The loss was early estimated at near $300,000.

ROOSEVELT'S MESSAGE IS FLAYED BY BRYAN

Cries "Shame" at Warlike Attitude of President

ON THE JAPANESE QUESTION

In Regard to the Japanese Portion of Message, Congress Must See that the Rights of the States Are Not Invaded.

Lincoln, Neb., Dec. 8.—Commenting on President Roosevelt's message W. J. Bryan said there was much that was good and much that was bad in it, but it may be regarded as the president's most important paper. Mr. Bryan says:

"The message contains much that is democratic and for which the general public may well thank him. It contains some things that ought to arouse severe criticism. The president boldly appropriates some of the doctrines which the democrats have been advocating, and, on the other hand, he announces some doctrines which are so absurd as to excite amusement if the suggestions came from a less prominent source. In some cases he takes advanced ground, in some cases he retreats from ground already taken.

Mr. Bryan complains that what the president says on government by injunction will not be satisfactory to the laboring men or to those who respect the right of trial by law. The president's stand on child labor, the 8-hour law and the right of the people to criticise a judge is commended.

On President Roosevelt's reference to the Japanese question, Mr. Bryan says:

"He pays a deserved tribute to the progress of the Japanese nation, and asks for legislation which will enable congress to fix the treaty rights of foreigners. That there should be such legislation cannot be generally disputed, but a great deal depends upon the character of the legislation. If any bills are presented in regard to this suggestion, they must be carefully scrutinized to be sure that they do not deny to the various states the right to protect themselves and their people in matters purely local."

Finally Mr. Bryan deplores what he calls the president's warlike attitude. He says:

"There will be general disappointment at the warlike tone of his message where he discusses the army and navy. He speaks of the navy as the surest guarantor of peace which this country possesses. Shame upon the chief executive that he should place an instrument of brute force above the nation's sense of justice as a guarantor of peace. The best guarantor of peace is out nation's principle to deal justly with other nations. War ought to be the last resort, not a first consideration. It is bad enough to have a few professional soldiers. It is not necessary that the whole nation shall be keyed up all the time to the fighting point."

FACE AND ARMS ALL BROKEN OUT

Troubled Almost a Year—Physicians Did No Good—Complexion Now Perfect and Skin Soft, White and Velvety. Tennessee Lady

"HIGHLY RECOMMENDS CUTICURA SOAP"

"I had been troubled with a breaking out on my face and arms for almost a year and had the services of several physicians, but they didn't seem to do any good. Some time ago one of my friends recommended Cuticura to me. I secured some, and after using it several months I was completely cured. I can highly recommend Cuticura Soap as being the very best complexion Soap made. It creates a perfect complexion, leaving the skin soft, white, and velvety. I now use Cuticura Soap all the time and recommend its use to my friends." Maud Loggins,

ANOTHER CURE

"I have used the Cuticura Medicinal Toilet Soap for more than a year, and for cleansing, beautifying, and purifying the skin, it cannot be excelled. I have been trying for a long time to get something to take the pimples off my face, and since using Cuticura Soap I find that it is the very thing for diseases of the skin." G. W. King,
Oct. 16, 1905. Cadiz, Ky.

STILL ANOTHER CURE

"I beg to say that I had a great deal of dandruff and after using many so-called cures, I started to use Cuticura Soap and am now no longer troubled with dandruff." Ida Maier,

Stove Makers Raise Prices.

Chattanooga, Tenn., Dec. 10—Secretary E. W. Sample, of the Southern association of Stove Manufacturers, announces that the stove manufacturers of the south have made an advance of 5 per cent on all grades of stoves. The dispatch sent out from Birmingham to the effect that the raise was not made was a mistake and unauthorized by the association. The western manufacturers advanced their prices a few weeks ago, and it is expected that the other manufacturers of the country will follow suit in a short time.

Roberts Ousted for Immorality.

Shreveport, La., Dec. 10—Rev. N. J. Roberts, of Tecompta, was expelled from the Louisiana conference of the Methodist Episcopal church, south, on the charge of "immorality." Mr. Roberts has been under suspension for some time, awaiting trial. In the case of Rev. J. R. Moore, of Minden, La., formerly presiding elder of the Shreveport district, the committee of investigation reported that a trial would be necessary. The charge against Dr. Moore is intemperance.

THOMAS IS INDICTED

For Shooting a Doctor, Who, He Alleges, Ruined His Home.

Atlanta, Dec. 10.—Because of the sensational attack made last Tuesday by A. L. Thomas, upon Dr. William Cawhern, in which the former shot Dr. Cawhern, Thomas was indicted by the grand jury upon the charge of assault with intent to murder. Judge Roan will convene a term of the superior court next Monday, and this case will be one of the first to be tried. Thomas claims, in justification of his act, that Dr. Cawhern had invaded his fireside, and that by the unwritten law, he was justified in his act. Dr. Cawhern declares that this suspicion upon the part of the husband is unfounded, and that the trial will develop some sensational facts. Outside of this case, there was little criminal business of interest up for consideration. In all, 27 true bills and 2 "no bills" were returned, after which the jury adjourned, subject to the call of Solicitor General Hill.

Agricultural Machinery Exports.

New York, Dec. 10—Record breaking exports of agricultural machinery it is stated, are about to be made to Russia by the International Harvester Company of America. Nine chartered ships will be dispatched to the Black and Baltic seaports. The first vessel is scheduled to sail next week. In addition to these complete ship loads, part cargoes will be forwarded by regular lines which will bring up the total shipments to north and south Russia to close to 100,000 tons this season. This will mean the loading of nearly three thousand cars of material, representing a value of fully $5,000,000. Six entire cargoes of reapers, mowers, harvesters, rakes, etc., will be forwarded to Odessa and Novorossisk on the Black Sea.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children, as it is pleasant to take and contains nothing injurious. Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

The Pullman Company is a tax dodger and yet it has twenty-six million dollars' surplus in its treasury. Why not cut down sleeping-car rates?

The object of trust busting is supposed to be the reduction of their enormous profits, but the result of the Republican efforts to regulate the trusts has been to still further increase the cost of living.

The opposition of the English people to trusts and combines soon settled the soap trust, and it has been demonstrated like the baseless fabric of a vision. Public opinion does not seem to be as powerful in the United States.

Mr. Harriman, not to be outdone by Jim Hill or any other railroad magnate, has a column about his belief that the people should own the railroads--that is the stock--but Harriman and the other railroad bosses are to manage the railroads and fix the rates and interest that is to be paid.

Deacon Rockefeller is said to approve the calling of an English preacher for the New York Fifth Avenue Baptist Church. Would not this laborer in the vineyard come under the same ban as other contract laborers deported? There certainly should be protection for the American raised plaster against the pauper competition from other countries if Mr. Rockefeller and the other Republican deacons are sincere in their standpatism.

The growth of the sentiment amongst the voters of the country for the election of members of the United States Senate by the people is indicated by the fact that twelve of the new Senators who will be elected were nominated by the voters at the primaries. This is bound to affect the character of the Senate by removing the members further from the bosses and nearer to the people, and in time must revolutionize the corporation and trust tinge of that body.

All this talk about the division of the grand championship prize at the State Fair giving general satisfaction, is mere bosh. Not a person connected with the exhibit from Alachua county is satisfied with the decision of the judges dividing the grand prize between Alachua and Polk counties. Alachua was fairly entitled to the prize and eighty of every hundred persons who visited the Fair so expressed their opinion. The decision of the judges, or at least some of them, is regarded as a political card played by them, and they may just as well understand right now that they have not added to their popularity in this section.

American Consul Halstead at Birmingham, England, in his official reports to the department of State seems very anxious to prove that British manufacturers show a general tendency to combine to keep up prices, but he does not say a word about the breakdown of the proposed soap trust, in consequence of the evident determination of the British people not to submit to such trade combinations in any form. There being no tariff protection in England to foster trusts an effective combine to increase prices is almost impossible, but such facts are never discovered by those Republican partisan organs, which shows the standpoint of the present Administration.

TAINTED MONEY.

The story is circulated in Washington that President Roosevelt demanded sometime ago that Mr. Cortelyou, chairman of the Republican National Committee, and Mr. Bliss, the treasurer of the committee, arrange to repay from the funds on hand $148,000 received from the Life Insurance Companies for the campaign fund of 1904. These officials are reported to have obstinately refused to make restitution of the tainted money, although there was over $400,000 balance in the bank to the credit of the committee. If the President feels so strongly that this tainted money, which rightfully belongs to the widows and orphans of the policy-holders, should be returned, it would seem that he is in a position to cause restitution to be made by demanding that Mr. Cortelyou return the contributions. In case of refusal he can call for the resignation of Mr Cortelyou as Postermaster-General and as chairman of the Republican National Committee, which would bring the matter to a climax. As nearly two years have elapsed without restitution being made of these large amounts of money, by the Republican politicians involved, it is difficult to believe that there is any real intention of making restitution of the tainted money.

There is another phase of this question that even restitution will not efface, for it will be remembered that President Roosevelt denied that either he or Mr. Cortelyou had knowledge of any such campaign contributions from corporations when Judge Parker charged before the election of 1904 that such contributions had been received. It will therefore require not only restitution of the tainted funds, but also an apology to Judge Parker to clear up this noxious Republican mess. It would be pleasant to record that the Republican politicians, even while knowingly having received the tainted money, are willing to show fruit meet for repentance, and in future when receiving similar contributions will insist that the appearance of evil shall be avoided.

There are indications of a factional fight amongst the Republican members of Congress. Those members who have been reelected taking strong grounds against the President's spelling reform and those members who were defeated for reelection warmly advocating that the country must stand by Roosevelt and his queer spelling be forced into use by law and the free use of the big stick if necessary. Gen. Grosvenor heads those who uphold the President, and their opponents are unkind enough to hint that they are open to "something equally as good," as the reason they are willing to spend so much time revising their usual orthography which, by the way, is none too perfect.

The Republican love for the negro is evidently confined to the period just before election, for Ferdinand Barnett, colored, who was nominated for judge at Chicago and elected on the face of the returns by some hundreds of votes, has been counted out by the Republican canvassing board by an alleged majority of 304 and the certificate given to Thomas B. Lantry, Democrat. If Barnett was actually elected the Democrats should insist on his being installed in office, not only as a matter of justice, but to compel the Republicans to take their own medicine.

The American Federation of Labor having declared against the Ship-Subsidy bill, the subsidy hunters have been trying to induce the local labor unions to endorse the proposition by mailing a circular letter requesting that the prosposed national subvention for American shipping be endorsed.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SERMONETTES

Mother is our deity--what's wrong about it! At the father's feet we learn the ways of the world--the world of thought, government, and business we come to know. At mother's knee--the one shrine of all the ages--we catch the first signs of inspiration while she sings to us of her land beyond the stars. She is our first teacher. Some one truthfully said: "We learn from her dear lips a theology which the seminaries and all the higher critics may criticize all they please, but which they cannot wholly efface." How often has she caressed our weary heads and crooned to us her lullabies in the twilight hours. And though we be a century old, yet do we dream again that her arms are our cradle and her tender breast our pillow. With what tenderness she held you as she drew your tired head down into its nesting place. The hollow in every woman's shoulder is where God meant for some weary head to rest. Pity that boy whose head leans on no such bosom! Pity more the woman whose breast feels the pressure of no curly head, and about whose neck there steals no tiny fingers feeling in the evening shadows for the lips that sing his baby songs!

The origin of the following I do not know. All I know is that thousands ought to heed its warning: "I am not much of a mathematician," said the cigarrette, "but I can add to a man's nervous trouble, I can subtract from his physical energies, I can multiply his aches and pains, I can divide his mental powers, I can take interest from his work, and discount his chances for success."

The Burlington railroad very promptly paid the fines imposed on its officials by the United States court for rebating, as well as the fines imposed on the railroad company itself. Does anyone believe that this kind of punishment will make railroad officials obey the law, if it is to the interest of the railroad company to break it?

Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennet Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Bartholow, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prolapsus, anteversion and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of woman's peculiar ailments, who frankly and confidingly takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for woman's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient using the same know exactly what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is *free*. For a paper-covered copy send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps to cover mailing *only*; in cloth binding 31 stamps.

15,000 FIRE NEAR VALDOSTA.

Historic Building at Pine Park Destroyed by Fire.

Valdosta, Ga., Dec. 8.—The work shop and material room of the Henderson Cranford buggy factory, at Pine Park, was burned Thursday, involving a loss of from ten to fifteen thousand dollars. The fire is supposed to have originated in the glue room.

The building was used as the old agricultural building during the first state fair here and half of it was later used as an opera house. It was a large structure and contained a great deal of material for buggy making.

The factory had made plans to move to Savannah in February and had been working up its material in order not to have to move it, but there was much of it on hand.

The fire is said to have caught from a stove or defective flue. Some of the workmen were just going in for night work when the fire was discovered. It took hard efforts to save the main building, where several hundred finished jobs are stored.

During the progress of the fire screams like that of a man were heard and much excitement was caused by it. An investigation proved that a bear in the Pine park was being scorched by the fire and the animal was screaming. A stream of water was poured on the brute and he was kept from roasting alive, though his position was quite uncomfortable. The company carried some insurance but just how much could not be learned.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Establishment of Fisheries.

London, Dec. 10.—The correspondence between the state department at Washington and the foreign office here and that between Newfoundland and the colonial office detailing the circumstances leading to the establishment of the fisheries modus vevendi has been published here. While the tone is conciliatory, it shows that a wide chasm remains to be bridged.

Water Cure For Constipation.

Half a pint of hot water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their effects. For sale by all druggists.

BURGLAR USED AX ON VICTIM.

Sixth Murder Near Greenville, Miss., In a Few Days.

Greenville, Miss., Dec. 7.—Benjamin H. Smith, about 60 years of age, a prominent planter, was murdered in his room at Luna, Ark., just above Greenville, Miss., by a masked burglar, who brained him with an ax. It is evident that Mr. Smith awoke when the burglar entered his room, and that a struggle ensued before the murder was committed.

There is no definite clew to the murderer, who escaped, but he is believed to be a negro. Mr. Smith was formerly of Philadelphia.

The remains will be taken to Orleans, Mass. He was 60 years old, and leaves a valuable estate in Chicot county, Ark.

This makes the sixth killing of a northern man in this section in the last few days. A posse is still hunting for the negro, Young, who a few days ago shot and killed, at Valley Park, A. F. Middagh, the Chicago real estate man. There is considerable feeling occasioned by the two murders.

Six Day Bicycle Race.

New York, Dec. 8.—Sixteen teams of bicyclists gathered from every quarter of the globe will start on Sunday night on the long journey of the international six day bicycle race in Madison Square Garden. The release yesterday from Ellis Island of the championship French team, the Georget brothers, who recently won the first six day rice ever held in Europe, completed the list of entries, which was held open until the last moment awaiting a decision in their case. The champions of Europe, Asia and Africa as well as the very best riders in America will go to the post. Eddie Root, of Sheepshead Bay, who won the last two races,, is again the favorite with Joe Folger, of Brooklyn, his partner last year, but Bobby Walthour and Hugh McLean are a close choice.

What's

Printed Paper by Auto Power.

New York, Dec. 10.—The electric motor which is used to drive the press in the office of the State Island Advance, in West Brighton, broke down Friday and an expert found that it would have to be sent to Philadelphia for repairs. John Crawford, Jr., the editor, found that no other office in Staten Island could print his sixteen paged paper Friday night, so he took his 35 horse-power automobile up along side the building, had a hole, knocked through the wall, and the shaft of his press run out. A pulley was then adjusted to the shaft of his automobile and the paper was gotten out successfully.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by all druggists.

Will Revise Laws.

Honolulu, Dec. 8.—United States Commissioner of Immigration Sargent who is here from Washington to investigate the subject, says the Hawaiian immigration law has been complied with in the importation of Portuguese, but that the department of justice will revise the laws.

Costly Blaze at 'Frisco.

San Francisco, Dec. 8.—The plant and stock of the Union Lumber company at Sixth and Hooper streets was completely destroyed by fire early on Friday. The flames were confined by hard work to the premises of the company. The loss is estimated at over $200,000.

Long Tennessee Fight.

For twenty years W. L. Rawls of Belle, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists.

AGED MAN RECEIVES SENTENCE

Seventy Years Old, He Confesses to Having Cashed Forged Check.

Macon, Ga., Dec. 8.—One of the saddest tales of sorrow through crime of the antire fall in Macon was that told W. H. Felton, by Cotton Mather, a gray-haired white citizen of more than seventy summers at the morning session of the superior court. The accused man had been indicted for forgery. When the time for a hearing came he walked to the front, admitted that he had drawn a check, signed Mr. T. C. Burke's name for $25 and had received the money at one of the Macon banks.

Several months ago this incident occurred and while the perpetrator of the crime was walking aimlessly about the streets he was taken up by the police. He said he had been told that such a check would require the name of a good man and he had followed instructions in forging the name of Mr. Burke. The old man has been in jail since and this was his first opportunity to get a hearing.

Judge Felton passed sentence of 3 years in the penitentiary and an effort will be made to send the prisoner to the state prison farm. The old man is a Mason and has had a checkered career.

Three Gamblers Fined.

Macon, Ga., Dec. 8.—Three accused men entered pleas of guilty in charges of gambling in the superior court and sentences were imposed. Tobe Wooten was the first man to secure a hearing and as soon as a statement had been made Judge Felton imposed a fine of $250. Clint Porter was released upon the payment of $350, and Gene Snipes paid the sum of $200, this being his first appearance in the role of gambler. Fines amounting to more than $2,000 have been paid during the present term on gambling charges.

S. A. L. Sued by Commission.

Raleigh, N. C., Dec. 8.—The corporation commission sues the Seaboard Air Line for the $500 penalty for violating its recent order by improperly bulleting trains at Lumberton, Laurinburg and Rich Square in November. This is the first time the commission has been given evidence regarding violation of its order in which the witnesses were within the jurisdiction of the state courts. The witnessea are J. J. McCormick, of Lumberton; A. J. Comer, of Rich Square; J. J. Hirsch, Atlanta.

Physician to Pope is Dead.

MADE TO KILL BY VILLAGE GOSSIP

Defense of Mrs. Birdsong In Murder Trial

WILL BE EMOTIONAL INSANITY

Attorney Will Introduce in Trial Evidence of Statements of Physician Made About the Woman Which Came to Her Ears.

Hazlehurst, Miss., Dec. 8.—It is announced that the attorneys defending Mrs. Angie Birdsong, charged with the murder of Dr. Thomas Butler, will attempt to introduce into the trial the free acceptance of evidence concerning the physician's alleged statements about the woman who deliberately shot him. Exception was taken to the ruling of the court at the close of yesterday's session that only such parts of this evidence could be admitted as came to Mrs. Birdsong's ears.

It is claimed that the action of the women friends of Mrs. Birdsong had quite as much effect in driving her to the verge of emotional insanity as did gossip which she heard.

Some of these former friends are alleged to have refused to speak to her when they met her on the street.

The case continues to attract to the court room some of the leading persons of the community and of the state.

A sad feature of the trial has been the presence in court of the children both of the young defendant and those of the man she killed.

Historic Will Filed for Probate.

New York, Dec. 8.—A piece of rice paper, faded and yellow with age, with lines faintly traced, was handed to Surrogate Thomas Friday. It is the last will and testament of Dr. Divie Bethune McCarle, citizen of the United States, doctor and interpreter, with the expedition that Commodore Perry led to Japan over 50 years ago. The will was drawn in Tokio many years ago. The will disposes of all possessions in money and real estate to the widow and the library on Chinese and Japanese literature, together with medals, decorations, swords and testimonials, are willed to the University of Pennsylvania.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

NIGHT RIDERS GIVE WARNING.

Kentucky Tobacco Concerns Told Not to Buy Any More of the Weed.

Marion, Ky., Dec. 8.—Considerable excitement has been caused here over the receipt of threatening letters by the owners of the two largest tobacco concerns in this city warning them not to buy any more tobacco. The letters were signed "D. T. P. or Night Riders," and stated that if the men to whom they were addressed did not heed the warning their places of business would be destroyed by fire. Both letters were mailed at Princeton, which is only a short distance from this place, and the first one was received by R. L. Moore, who runs the largest tobacco warehouse in Crittenden county.

Mr. Moore sent out notices that he would not receive any more tobacco at the present time.

The other man to receive a warning was Arthur Jarvis, who conducts a big warehouse and stemmery. It is said he also will not take in any more tobacco.

Immense Meat Export.

Washington, Dec. 8.—According to a statement issued Friday by the bureau of statistics by the department of commerce and labor more than $250,000,000 worth of meat and dairy products will have passed out of the United States into the markets of other parts of the world in the year ending with the present month. This total is made up of a little over $200,000,000 worth of meats, $5,000,000 worth of cattle and about $10,000,000 worth of butter, cheese and milk. No feature of the export trade in the agricultural products has shown a more steady and rapid growth than that of meat and dairy products, of which there was an increase of about 60 per cent during the past decade.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Mother Tells Gillette to Repent.

Herkimer, N. Y., Dec. 10—Chester E. Gillette, convicted of the murder of Grace Brown was amazed Friday by the receipt of a telegram from his mother telling him to repent before God. His mother, who had previously expressed confidence in his innocence, said in explaining her message, that she had received word that he had confessed. Gillette immediately wired his mother this reply: "I have made no confession. I expect a new trial. I am innocent. Believe no reports you read in the newspapers about me."

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Pays Tribute To President's Message.

Tokio, Dec. 10.—The Hochi Shintbun, again referring to President Roosevelt's message, pays the warmest tribute to his exalted statesmanship and classes him as one of the greatest living rulers. It feels reassured that the Japanese cause lies in such powerful hands. It lauds the coming appointment of Oscard S. Straus as secretary of commerce and labor. It believes his acknowledged fairness will prove a conscious addition to the cause of Japan.

OPENS NEW REFORMATORY.

Proclamation Is Issued to the Judges of the State.

Atlanta, Dec. 8.—The state feromatory in Baldwin county is now open for the reception of inmates, and all persons under 16 years of age, convicted of crime, will be sent there by the courts in acordance with the terms of the law under which this institution was established.

Chairman J. S. Turner, of the state prison commission notified Governor Terrell that the reformatory is now ready, and the governor, in accordance with the previous provision of the law, issued this proclamation directed to the judges over the state, calling their attention to this fact. The law prescribes the conditions under which youthful offenders shall be sent to the institution, and the courts will follow its direction.

There is no time limit fixed in the proclamation, but the institution is now ready to receive any who may be sent to it.

There are some fifteen or twenty youthful offenders now confined in the various sections of the state awaiting the opening of the reformatory. All of these will be sent to the institution with the next week.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug.
